

BreaQ, organized by RoQTeam, CAMPUS Research Institute at Politehnica Bucharest and Military Technical Academy “Ferdinand I”, is an annual event series for students and young professionals interested in quantum technologies and their applications. This year’s edition includes hybrid workshops, invited talks and a 24-hour hackathon.

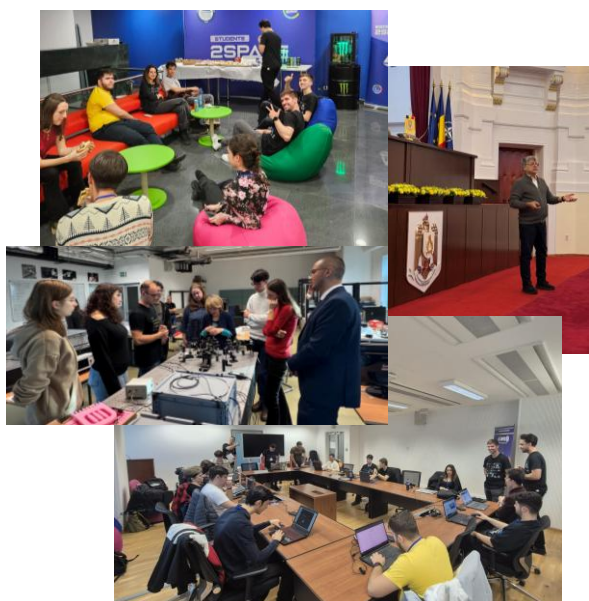

About RoQTeam. We are a community of young researchers and quantum technology enthusiasts focused on accelerating practical quantum education and collaboration in Romania. We aim to connect students, researchers, and industry around the emerging quantum ecosystem.

24-hour Hackathon CAMPUS Research Institute at Politehnica Bucharest 24 – 25 October

Conference Military Technical Academy “Ferdinand I” 14 November

Workshops, technical talks, interdisciplinary challenges, and networking. Support the growth of Romania’s emerging quantum ecosystem! Sponsorship tiers on the next page.

BreaQ 2025 brought together over 80 participants from across all major Bucharest universities. The free event featured a conference with international speakers and a 24-hour hackathon across three tracks: Quantum AI, Hacking, and Crypto. A sponsored jury evaluated projects, while participants formed lasting connections that extended well beyond the event.
